Fuel Tax Reporting: Paperless

Throughout the continental United States and Canada, federal and local authorities alike continue to dedicate extensive resources to fuel tax compliance. According to government estimates, every dollar spent on fuel tax compliance yields \$10 to \$20 in recaptured tax revenue. With IFTA fuel tax audits on the rise, more and more carriers turn to professionals to make sure they're ready. Comprehensive solutions and support package for IFTA fuel taxes feature:

- ▶ Preparation of all applicable IFTA and mileage tax returns
- ▶ Free audit support for all returns that are prepared
- ▶ Web-based reports
- ▶ Reconciliation of mileages to odometer readings
- ▶ PTO, Reefer and Idle Time refunds

More than 60 reports including:

- ▶ GPS
- ▶ Out-of-Route Miles
- ▶ Fleet MPG
- ▶ [IRP Licensing](#)
- ▶ Fuel Summary/Detail
- ▶ Discrepancy Resolution Reports
- ▶ Charge Back Reports

Fuel Tax Reporting: Paperless

Reports in real-time. Access web-based IFTA fuel tax reports in real-time and on demand through the exclusive RoadTax.net® Web-based service

Audit support. Receive free audit support for all returns that we prepare.

Use existing dispatch system. Make full use of your existing dispatch system and GPS data and/or [T-Card® fuel card](#) purchasing data.

Many different report options. Access to over 60 different reports including a wide range of IFTA fuel tax reports and many other useful management reports.

Reduce audit exposure. Automated tax preparation dramatically decreases audit exposure and improves compliance regularity.

Knowledgeable service. Experienced tax auditors eliminate the headache of tax preparation and management.
